About these Features

This feature will give advisors the ability to quickly and seamlessly affiliate students with their chapter. *for participating states.

**Middle School Statement**
Due to The Children’s Online Privacy Protection Act regulations, or COPPA, SkillsUSA is not permitted at this time to allow Middle School students and those under the age of 13 to utilize this feature.

**Advisor Instructions**

1. **Sign into SkillsUSA Register**
   To get started, sign into your advisor account on SkillsUSA Register, SkillsUSA’s Membership Information System. Once signed in, click the membership button to review your list of Training Programs as seen below. Click the “Configure Member Enrollment/Pay” button below the list of available training programs.

   This is where you, as an advisor, have the ability to control the availability of both the member enrollment and pay features (for participating states) for each training program. Additionally, this is where you can access the unique registration code for each training program.

   **Note:** Each Advisor can only view and enable student member enrollment and pay features for their OWN training program.
Enable Features

After clicking the “Configure Member Enroll/Pay” button from step 1, click edit in the first column of the table (shown below) to enable/disable these features for your training programs. Enabling these features is as easy as checking a box (shown below). School Administrators can enable all training programs for Membership Enrollment by clicking the Toggle All button.

As an advisor, you may enable member enrollment, self-pay or both features for your chapter at any time. If you wish to collect dues for your chapter face-to-face, you can still enable the member enrollment option to allow students to enter their own personal information.

As an example, an advisor may wish to enable the feature during class, walk students through the process and then disable it after class to prevent unwanted additions.

Note: This code is your training program’s unique registration code. This is the code you will provide to students in order for them to affiliate with your specific chapter and training program.

In order to enable both member enrollment and self-pay, both boxes must be checked. Checking only one box will result in only that feature being enabled. *Some states may participate in one or both of these features. Only the boxes that your state participates in will appear.

Student Instructions

The next section of this guide contains instructions for each feature from the student perspective. Please provide your students with these instructions prior to them beginning the registration process. You can show the student instructions on a classroom projector or print, email or post the information.

2. Enter Your Information

After you complete step 1, check to confirm that the school, training program and teacher information shown is correct. Then, click the “Register Here” button.

![School Information](image2)

Note: You must enter your membership information before completing your dues payment.

Note: You will be asked additional demographic information depending on the state you live in. Any demographic information collected will not be tied to your personal information. This data helps states with federal Perkins funding for Career and Technical Education.
Complete Your Payment

The online credit card payment feature applies for some states. Complete the following if the Pay Now button is available or if directed by your advisor to pay by credit card. After entering your membership information, you will be directed to complete your payment.

Note: Double-check to ensure your school name and “Paying For” name are correct. This is how SkillsUSA will affiliate your payment with your information.

NOTE: SkillsUSA accepts Visa, Mastercard and American Express.
